

Mazyar Hamzavi Sarkhaei

Cyber Security Specialist and SOC Analyst

About Me

Seasoned Information Security Specialist with 10+ years of safeguarding critical infrastructure in diverse industries. Possesses strong leadership in managing security operations, proactive risk mitigation, and incident response across numerous sites. Proven ability to leverage SIEM/SOC tools, penetration testing, and threat hunting to address evolving cyber threats. Dedicated to continuous learning, evidenced by extensive certifications in cybersecurity and networking. Seeking a senior-level IT security role in a progressive company embracing security automation and collaboration. Open to part-time and remote opportunities.

Key Highlights:

Security Leadership: Managed security operations across 3 sites with 350+ employees, ensuring seamless and proactive security posture.

Threat Mitigation: Led vulnerability assessments and implemented robust security controls, significantly reducing risk exposure.

Incident Response: Effectively handled security incidents through swift analysis, containment, and recovery, minimizing impact and downtime.

Technical Expertise: Proficient in SIEM/SOC tools (ELK & Splunk), penetration testing methodologies, and threat hunting techniques.

Continuous Growth: Demonstrated commitment to staying ahead of the curve through numerous certifications (SANS, Fortinet, CDCP, etc.).

Work Experience

Cyber Security Specialist,

Lavan Oil Refining Company, Lavan Island, Hormozgan, Iran.

November 2024 – Present

- Headed SOC (Security Operations Center) analysis to detect, investigate, and mitigate security threats.
- Conducted comprehensive penetration testing to assess vulnerabilities and reinforce system defenses.
- Strengthened Linux and Windows systems through hardening techniques to reduce exposure to threats.
- Performed proactive threat hunting to identify advanced persistent threats and minimize risk.
- Served as ISMS (Information Security Management System) Lead Auditor and Implementor, ensuring alignment with international security standards.
- Audited and enforced security configurations for software and hardware to uphold organizational security.
- Managed and maintained critical security solutions, including firewalls, DLP (Data Loss Prevention), EDR (Endpoint Detection and Response), XDR (Extended Detection and Response), and PAM (Privileged Access Management).
- Conducted security assessments and generated detailed reports to guide strategic decisions.
- Developed and implemented incident response plans to address security breaches and minimize impact.
- Continuously improved security practices by staying updated on the latest cybersecurity trends, tools, and methodologies.

Cyber Security Specialist,
HPGC (Hormozgan Province Gas Company) Bandar-e-Abbas, Iran.
January 2019 - Present

- Conducted periodic audits to identify and address security violations and inefficiencies.
- Upgraded network and infrastructure systems to enhance security and performance.
- Implemented and maintained comprehensive security controls to safeguard organizational assets.
- Identified and resolved both potential and actual security issues proactively.
- Assessed current security landscapes, analyzed trends, and anticipated future requirements.
- Prepared performance reports and communicated system status to stakeholders to keep users informed.
- Ensured adherence to organizational standards to maintain high-quality service delivery.
- Expanded technical knowledge through educational workshops and continuous learning.
- Contributed to team efforts by achieving results aligned with organizational security objectives.
- Designed and implemented security policies and procedures to prevent unauthorized access to data and networks.
- Utilized advanced security tools, including firewalls, encryption, and antivirus software, to protect systems and information.
- Monitored and analyzed network traffic to detect suspicious activities and mitigate potential risks.
- Performed security audits and vulnerability assessments, identifying risks and recommending effective solutions.

**Cyber Security Specialist,
Payam Pardaz (Part-Time), Bandar-e-Abbas, Hormozgan, Iran.
September 2022 - March 2023**

- Determine security violations and inefficiencies by conducting periodic audits
- Upgrade our network and infrastructure systems
- Implement and maintain security controls
- Identify and solve potential and actual security problems
- Assess the current situation, evaluating trends and anticipating security requirements
- Keep users informed by preparing performance reports; communicating system status
- Maintain quality service by following organization standards
- Maintain technical knowledge by attending educational workshops
- Contribute to team effort by accomplishing related results as needed
- Developed and implemented security policies and procedures to protect data and networks from unauthorized access.
- Utilized various security tools, such as firewalls, encryption, and antivirus software, to protect the organization's data and networks.
- Analyzed and monitored network traffic for suspicious activity and identified potential security risks.
- Conducted security audits and vulnerability assessments to identify risks and propose solutions for improvement.

**Cyber Security Specialist,
TOPCO (Part-Time), Bandar-e-Abbas, Hormozgan, Iran.
April 2017 - Present**

- Utilized various security tools, such as firewalls, encryption, and antivirus software, to protect the organization's data and networks.
- Conducted security audits and vulnerability assessments to identify risks and propose solutions for improvement.
- Created detailed reports on security incidents, findings, and recommendations.
- Implemented security controls to identify and mitigate potential threats.

**Senior Network Administrator,
HPGC (Hormozgan Province Gas Company) Bandar-e-Abbas, Hormozgan, Iran.
January 2017 - January 2019**

- Designed, deployed, and maintained a secure, high-availability network infrastructure for a large scale enterprise.
- Developed and implemented a comprehensive network: Cisco Router and Switches, Mikrotik Devices.
- Developed and implemented and designed a Backup Plan with HP and EMC/DELL, Qnap devices and Veeam solutions.
- Optimized network performance by setting up network services by running Active Directory, DNS, DHCP, Routing Protocol, Tunneling Protocol, Linux, Esxi Service,
- Secured networks with implemented Firewall, Kaspersky Antivirus, HP Servers, Firewall Devices, Radio and Wireless Communication etc.
- Optimized network performance by monitoring, analyzing and troubleshooting network issues.
- Installed, configured and maintained routers, switches, firewalls, VPNs and other network devices.
- Developed and implemented comprehensive network policies and procedures to ensure security and reliability.
- Monitored network usage and security threats and implemented preventative measures.
- Established and maintained network users, user environments and permissions.
- Planned and executed system upgrades, migrations and patch management.
- Created detailed network diagrams and documentation for internal and external

**Information Technology Specialist,
Bisim .Co, Bandar-e-Abbas, Hormozgan, Iran.
September 2015 – January 2017**

- Applied technical expertise in troubleshooting and resolving complex network and system issues.
- Installed and configured hardware, operating systems and applications for end users.
- Managed, maintained, and configured network infrastructure, including routers, switches, and firewalls.
- Assisted users with desktop and printer related issues, and provided solutions to ensure stable operations.
- Monitored and maintained system performance, ensuring system availability, reliability, and scalability.
- Developed and implemented system upgrades and software patches.
- Documented and maintained technical processes and procedures.
- Collaborated with other members of the IT team to develop system design proposals and technical solutions.
- Conducted research and evaluated new technologies to enhance system performance and user experience.
- Provided technical support to end users, including training and consultation.

**Information Technology Specialist,
Soora Pars .Co, Bandar-e-Abbas, Hormozgan, Iran.
June 2014 - September 2015**

- Applied technical expertise in troubleshooting and resolving complex network and system issues.
- Installed and configured hardware, operating systems and applications for end users.
- Managed, maintained, and configured network infrastructure, including routers, switches, and firewalls.
- Assisted users with desktop and printer related issues, and provided solutions to ensure stable operations.
- Monitored and maintained system performance, ensuring system availability, reliability, and scalability.
- Developed and implemented system upgrades and software patches.
- Documented and maintained technical processes and procedures.
- Collaborated with other members of the IT team to develop system design proposals and technical solutions.
- Conducted research and evaluated new technologies to enhance system performance and user experience.
- Provided technical support to end users, including training and consultation.

Education

Master of Science (Artificial Intelligence And Robotics)

University of Hormozgan (October 2018 - March 2023)

Artificial intelligence is a discipline that focuses on enabling machines to develop the same intellectual capabilities as humans. Robotics, on the other hand, is the science of designing and building physical robots to improve automation and innovation.

Bachelor (Petroleum Engineering)

Islamic Azad University, Science and Research Branch (October 2010 - July 2015)

Petroleum engineering, the branch of engineering that focuses on processes that allow the development and exploitation of crude oil and natural gas fields as well as the technical analysis, computer modeling, and forecasting of their future production performance.

Certificates

Cyber Security Certificates

ICSI CNSS Certified Network, SOC Level 2, SOC Level 1, Red Team, Jr Penetration Tester, Web Application Pentesting, Web Fundamentals, Cyber Security 101, Pre Security, Introduction to Cyber Security, Pre Security, Splunk Infrastructure Overview, Splunk User Behavior Analytics, The Signal Fx Solution, Fortinet NSE2 Network Expert, Fortinet NSE1 Network Expert, Fortinet NSE2 Network Associate, Fortinet NSE1 Network Associate, Autopsy Basics and Hands On, SANS FOR 572, SANS FOR 508, SANS SEC 511, SANS SEC 503, SANS SEC 504, SANS SEC 540, SANS SEC 560, SANS SEC 555, PWK, ISMS ISO 27001:2013 Lead Auditor, ISMS ISO 27001:2013 Internal Auditor.

Network Administrator Certificates

Linux Professional Institute LPIC-1, MCSA Windows Server 2016, EMC unity management, Veeam backup & Replication, Certified Data Center Professional – CDCP, MTCNA, MTCWE, MTCRE, MTCUME, MTCINE, MTCTCE, ICDL.

ISO Certificates

ISMS ISO 27001 Lead Auditor, ISMS ISO 27001, Internal Auditor Iso 27001, Risk Management ISO 27001, IMS ISO 9001 Requirements and Document, IMS ISO 9001 Lead Auditor, Training Management ISO 10015.

Training courses as a teacher:

Courses:

- Basic concepts of information technology, Hormozgan Gas Province, 7hrs, 2023.
- Prevention of cyberattacks and information security, Hormozgan Gas Province, 24hrs, 2021.
- Network+, Hormozgan Gas Province, 28hrs, 2021.
- Microsoft Access, Hormozgan Gas Province, 12hrs, 2020.
- Microsoft Word, Hormozgan Gas Province, 24hrs, 2020.
- Microsoft Excel, Hormozgan Gas Province, 15hrs, 2020.
- Microsoft Windows File Management SMB, Hormozgan Gas Province, 21hrs, 2019.
- Internet and communication, Hormozgan Gas Province, 8hrs, 2019.
- Basic concepts of information technology, Hormozgan Gas Province, 5hrs, 2019.
- Prevention of cyberattacks and information security, Hormozgan Gas Province, 4hrs, 2018.

Hobbies:

- **Swimming, soccer, movies and theater, philosophy and music.**

تاریخ: ۹۷/۰۵/۰۱

شماره: ۹۷-۰۵-۱۰۶

کواهی می شود

خانم آقا مازیار حمزی سرخانی دوره آموزشی

Backup Basics

راکه در تیرماه ۹۷ به مدت ۱۰ ساعت توسط شرکت سیتمهای اطلاعاتی پیشرو برگزار گردیده، با
موافقیت به پایان رسانیده است.

شرکت مندی سیتمهای اطلاعاتی پیشرو
دپارتمان آموزش

Carrier Digit Career Certification

Since 1999

گواهینامه

مرکز آموزش کاریار ارقام

بدینویسید گواهی می گردد:

صادره از بندرعباس

جناب آقا مازیار حمزی سرخانی فرزند منصور دارای شناسنامه شماره ۳۳۸۰۲۴۰۹۷۴ کدملی ۳۳۸۰۲۴۰۹۷۴

دوره آموزشی طراحی زیرساخت مرکز داده را که از تاریخ ۹۶/۶/۲۳ تا ۹۶/۶/۲۱ بدت ۳ روز در شرکت کاریار ارقام

برگزار کردیده با موفقیت و کسب درجه عالی به پایان رسانیده است.

این گواهینامه به استناد گواهی رتبه‌بندی و احراز صلاحیت شرکت‌های انفورماتیکی به شماره ۹۴۹۴۹۲ مورخ ۹۵/۱۰/۱۹ صادر گردیده است.

Maziar Hamzavi Sarkhaei

Certified Data Center Professional - CDCP
+ TIA 942 Standard
+ ANSI / Bicsi 002
